Who is Hayo Miyazaki?

Hayao Miyazaki (Japanese: 宮崎 駿 Hepburn: Miyazaki Hayao, born January 5, 1941) is a Japanese film director, producer, screenwriter, animator, author, and manga artist. A co-founder of Studio Ghibli, a film and animation studio, he has attained international acclaim as a masterful storyteller and as a maker of anime feature films, and is widely regarded as one of the greatest animation directors.

Miyazaki's works are characterized by the recurrence of themes such as humanity's relationship with nature and technology, the wholesomeness of natural and traditional patterns of living, the importance of art and craftsmanship, and the difficulty of maintaining a pacifist ethic in a violent world. The protagonists of his films are often strong girls or young women, and several of his films present morally ambiguous antagonists with redeeming qualities. Miyazaki's works have been highly praised and awarded; he was named a Person of Cultural Merit for outstanding cultural contributions in November 2012, and received the Academy Honorary Award for his impact on animation and cinema in November 2014.
